Ow!

Oooohahh!

Try to see myself what goes on.

Make it up myself, I'll never.

Always told my thoughts aloud,  
then another day I shut up.

Back to the sand,  
doing what you can.

Bound to be gone,  
damned a loser.

Found out right then they were fed up,  
cause everybody said to shut up.

Yeah!

Thought you might care what goes on.

Try to say "what up?"; i'm fed up.

Everybody said to shut up,  
the last time I told them "what up?";

Down with the sun,  
I knew that I was done.

Did it to my self,

Did it to my self, and then.

All this time I said I've been fed up

Cause everybody tells me "shut up";.
