

Gorillaz, Slow Country

City life
Calling me later
Leave my soul
In deep water
Never get a better chance
So what you doing
Gotta get money
Ain't quite what you're doing
I can't stand your loneliness
Can't stand your loneliness
Can't stand your loneliness
Shout my life
You won't get money
From doing what you're loving
Moving out of city
Better have a second chance
Get a lot of problems
I can't stand your loneliness
Can't stand your loneliness
Can't stand your loneliness
I can't stand your loneliness
Can't stand your loneliness
Can't stand your loneliness
Can't stand your loneliness
Can't stand your loneliness
Can't stand your loneliness
Can't stand your loneliness
Can't stand your loneliness
