

# Gothminister, Happiness In Darkness

I lit a candle  
It cast a spell each night  
I tell you warheads  
The beast will never die  
Bow to the empire  
And follow Master's call  
You hear the black horns  
Welcoming you all

Darkness  
We live the happiness in darkness  
This is the future and there's no return  
To the land of damnation  
Saviour  
From life in everlasting failure  
This is the future and there's no return  
You and I make this world come alive

This is the future the beast will never die

It's burning inside  
I told you so  
Not now  
They are coming for us  
Master, Master where are you  
No no no  
No no no no no no no no!

The Master is calling your name  
The kingdom has opened the gates

In every mind  
A wasted life  
Into the deep  
Lies the fear left behind  
Beyond the forest  
Lies a tale yet untold  
Beneath the gates  
Rise the kingdom of the true brave souls
