

Gotthard, Feel What I Feel

So much for love
You must form way beyond
Just for a smile
Just for an inch I'll run a miles
I'll run a miles

So much it seams
My only reach is smirk and steam
I've been the one, but
I've never know the love so fine
I don't want awake from this high

Say: that's faith
Say: that's will
Say: that's I? dreamer
If I Feel What I Feel
Don't say I am stupid
Don't lie it up
Don't wake me up
I'll never find you again
I'll never find you again
