

Gotthard, Hunter

Trying to hide from every shadow
Scared from every noise that's comin' through
Got a 24 hour run
You know, I'm still around
Hunting you

Bad places, dark faces
Keep on runnin' for your life

Cause I'm the hunter
I'm the hunter
I'm the hunter an eagle in the sky
I'm the hunter
I'm the hunter
I'm the hunter nowhere you can hide
Nowhere you can hide

Don't try to answer the phone
Beware of any stranger at your door
There's no way to imagine
Where it's coming from
Better hit the floor, yeah!
