

# Graftmann, I Hate Wintertime

let it shine, let it shine, let it shine  
i'm sick of snow and white  
Is it normal, that the weather forecast is always wrong?  
let's chase this ugly rainbow, hello my name is rainboy  
hang me on a cloud and I'll find the sun  
let's make this winter warmer, a tropical disorder  
snowflakes and hot milk, december is for kids  
i hate wintertime  
let it shine, let it shine, let it shine  
i'm sick of snow and white  
too heavy shoes, too heavy jackets and too heavy hats  
let's chase this ugly rainbow, hello my name is rainboy  
hang me on a cloud and I'll find the sun  
let's make this winter warmer, a tropical disorder  
snowflakes and hot milk, december is for kids  
we hate wintertime, we hate wintertime  
and we hate wintersports too  
let's chase this ugly rainbow, hello my name is rainboy  
hang me on a cloud  
and I'm in love with stella, she's a pink umbrella  
so hang us on a cloud and we'll find the sun
