

Graham Colton Band, Jessica (Acoustic)

So you've got all the answers
To the questions your heart asks
What you won't say won't hurt you
Now it's coming all too fast

You're the one I can't figure out
And I'm the one you can't forget
And do you think love's the reason
That I'm still spinning in your head

Jessica, you couldn't solve this equation
It's tearing you apart
Jessica, your world's not worth saving
If you don't finish what you start

Starting over without you
You're the first thing in my past
What she says is the reason
Is she can't come along too fast

Jessica, you couldn't solve this equation
It's tearing you apart
Jessica, your world's not worth saving
If you don't finish what you start (3x)

It's the hardest thing to let you go
I'm leaving tonight
You're just someone I used to know
Goodbye

Jessica, you couldn't solve this equation
And it's tearing you apart
No, no
Jessica, your world's not worth saving
If you don't finish what you
Jessica, you couldn't solve this equation
And it's tearing you apart
No, no
Jessica, your world's not worth saving
If you don't finish what you start (3X)
