

# Granddaddy, Cabin in My Mind

Well, it's a long and lonely road  
But there's a safe and loving glow  
Beyond the curve where you once were  
and built upon the purest dirt.

Going to the cabin  
I'm going to the cabin.  
Going to the cabin  
Going to the cabin  
to the cabin in my mind

And I don't ever wanna leave  
Because this life is not a dream  
Beyond the curve where you once were  
and built upon the precious earth

Going to the cabin  
I'm going to the cabin.  
Going to the cabin  
Going to the cabin  
to the cabin in my mind  
Going to the cabin  
I'm going to the cabin.

Going to the cabin  
Going to the cabin  
to the cabin in my mind  
Going to the cabin  
Going to the cabin in my mind
