

Granddaddy, I'm In Love With No One

saw my dad in his truck
he was listening to a tape i made lately
i wonder what he makes up
all the time i spent whining about
for instance how

i'm in love with no one
and i don't think that that's right
i wish i was mistaken but
i'm in love with no one
no, i don't think that that's right
i don't want that for my life

i'm in love with no one
and i don't think that that's right
i wish i was mistaken but
i'm in love with no one
no, i don't think that that's right
i don't want that for my life
