

Granddaddy, Street Bunny

It's a street bunny
It's a street bunny
It's a street bunny
It's a street bunny

It's a street bunny
He doesn't hop hop hop around
He struts around

It's a street bunny
It's a street bunny
It's a street bunny
It's a street bunny

It's a street bunny
He doesn't sniff the ground
He spits on the ground

It's a street bunny
It's a street bunny
It's a street bunny
It's a street bunny

This bunny snaps at little kids
This bunny doesn't like lettuce
Hey there's a pond to piss
And a mallard duck with a tommy gun
