

GRAY (□□□), Party For The Night (Feat. □□ & □□□)

Yet again
I a vibin' whit the mood today
I am feelin' good
So , i drink some more
All my worries are fading away

What's important is the present

Ay driends are wearing a silly grin
On their faces
Healing feeling
My wounds are closing up
Shake my hands sky high
Then up and down

Let go of yourself once in a while
and party for the night!
