

# Green Day, Desensitized (Japanese Import Versi

Clenching my teeth tight  
My head is like a sponge  
Give it to me free  
I wanna get ripped off  
And drown in the airwaves  
Another fatal wreck  
On the Information highway  
So go ahead and kill yourselves  
It all amuses me  
For I'll be damned to spend  
My life in hell  
Another wise ingrate

Bring me blood and pain  
of a stranger's fate  
Give it all away  
Gimme gimme now  
I'm desensitized  
I wanna watch the bomb  
Blow the masses high
