

Green Day, Holy Toledo!

I wanna go where the trouble begins
And the morning after smells jst like a dirty ashtray
Gime me shame
Lock me in the shower
Teh penitentiary
Elementaruy school for losers
If this i show it's gonan end
Then if feels alright

Baby, let's get sick again!

We're hells raisers
We';re running with razor blasdes
Party favors
Sex with stranger
We don't care what the neightboirs say
Yet this is how it's gonna end
Cause it fels alright

Baby, let's get sick again!

I am ccawling out of the dead man's bed
Why, we don't wanna know /2x
I am killing myslef just to live
Why, we don't wanna know /2x

We're hells raisers
We';re running with razor blasdes
Party favors
Sex with stranger
We don't care what the neightboirs say
Yet this is how it's gonna end
Cause it fels alright

Baby, let's get sick again!

We're hells raisers
We';re running with razor blasdes
Party favors
Sex with stranger
We don't care what the neightboirs say
Yet this is how it's gonna end
Cause it fels alright

Baby, let's get sick again!
