

Grimes, Idoru (Slightly Longer Version)

you are the only one
babe, i was so numb
and even thogh I am breaking at least
I feel something
just like release

look, I say
as my fingers tremble
this is what I am
and, and , and you
fingers trembling too
understand

we could play a beautiful game
we could play a beautiful game
we could chase me down in the name
of love
I wanna play a beautiful game
even though we're gonna lose
but I adore you
adore you

you are the only one
babe, I was so dumb
and even thought iam breaking at least
I feel something
how can you be so mean?

choose, I say
as my fingers tremble
this is what I am
and, and , and you
fingers trembling too
understand

we could play a beautiful game
we could play a beautiful game
we could chase me down in the name
of love
I wanna play a beautiful game
even though we're gonna lose
but I adore you
adore you
