Gromee, Gravity (feat. Andreas Moe)

Let?s freeze time,
Stay in the moment
So we can breathe it

Live this life
Moving slow motion
Defying emotions

Leaping over every wall we go
Running to the shore

Trying to swim into the river of
Everything we know
Yeah

Let?s drive in the water
Gravity, with gravity

Go deep in the water
Gravity, with gravity

Between the lines
We chase the skyline
Looking for sunshine

Beyond the night
We?re on a mission
To get what we?re missing

Leaping over every wall we go
Running to the shore

Trying drive into the river so
We can lose control
Control

Let?s drive in the water
Gravity, with gravity

Go deep in the water
Gravity, with gravity

Gravity

Between the lines
We chase the skyline
Looking for sunshine
