

# Guano Apes, Cream Over Moon

Don't forget to love it  
If they can't but you want  
Don't forget to shove it from time to time  
Don't forget to promise yourself to someone  
Don't forget to hurry  
If they... but you not

I'm growing up  
I'm growing up to taste cream over moon  
You've been missing my defence  
Last round to enjoy  
Wouldn't be far enough to come  
With me  
Hold on turn around and see  
That it was always always up to us
