

# Guardian, Them Nails

I keep drivin' them nails  
drivin' them nails right into you  
I keep drivin' them nails  
drivin' them nails  
Don't know why I do  
I used to think if I was there  
standing with Jesus face to face  
I'd be the one to stand up for him  
maybe even take his place  
I keep drivin' them nails  
drivin' them nails right into you  
I keep drivin' them nails  
drivin' them nails  
Don't know why I do  
I never felt that graceful  
I thought that God was keeping score  
The more I tried to earn his favor  
I'd hit them nails more and more  
Why do keep on keep on payin,  
On a debt that's already been paid  
I've got it made  
I keep drivin' them nails  
drivin' them nails right into you  
I keep drivin' them nails  
drivin' them nails  
Drivin' them nails right into you
