

Gucci Mane, Curve (ft. The Weeknd)

the kid back on the whiskey
Virginia Black got me tipsy
I'm in LA, like I'm Nippsey
Spanish girls wanna kiss me
a nigga wanna come and diss me
and put a hex like a gypsy
they kill themselves
no wrist bleed
got suicide on my SV
She do it all for the Fendi
She do it all for the Gucci
Baby girl wanna choose me
she wanna use and abuse me
I know she wanna text me
I know she wanna sex me
50 thou make gher neck freeze
fuck her once ike next, please
my nigga who would've though
my nigga who would've through now
I'll be back at the top /2x
I got your girl on my finger
blowing my phone like she's single
blowing my phone like I'm Cee-lo
somebody needs to come get her

I like, woooo
with the curve
I know you done deserve it
I got that work
I know you want the birkin
baby, are you worth it?
I like, woooo
with the curve
I know you done deserve it
I got that work
I need to know for certain
it's Gucci!
tell me, are you worth it?
