

Guerilla Poubelle, Punk Elite

All with the same face
All in the same place
All with the same spirit
All in the same shit

This is your unity ?
There is no place for me
You're so fucking elitist
This is the new fascits

Ein zwei drei vier
your minds are fucking clear.
acht und achtig macht ihr frei,
hypocisy is a lie !!!

What's your final solution ??
Be the last zine in the world ??
Waste your life, waste the scene
To be sincere is a sin ??
