

Gun, Freedom

Outside a storm is raging
Inside my faith is strong
Love came down without warning
Love walked out without saying
Can't hide my secret
Can't live this lie no more
What can you say to make me change my mind?

Sometimes she feels so empty
Sometimes she feels so scared
Can't say the things I'm thinking
Locked in a room of strangers
Can't hide that truth hurts
Can't live this lie no more
What can you say to make me change my mind?

Freedom comes like a brand new day
Freedom lies in the words you say
Freedom waits when I'm by your side
Freedom lives when I'm close to you
When I'm close to you
When I'm close to you
Freedom comes to you and all I want is

Freedom freedom freedom freedom
Freedom freedom freedom freedom
Yeah yeah yeah

Why does she feel so empty?
Why does she feel so scared?
Why do the stars come crashing?
When will the rain stop falling?
Can't face the past now
Can't live this lie no more
Here comes my chance to leave it all behind

Freedom comes like a brand new day
Freedom lies in the words you say
Freedom waits when I'm by your side
Freedom lives when I'm close to you
When I'm close to you
When I'm close to you
Freedom comes to you and all I want is

Freedom freedom freedom freedom
Freedom freedom freedom freedom

Freedom comes
Freedom waits
Freedom lives
Freedom lies
Freedom comes
Freedom waits
Freedom lives
Freedom lies
