

Gunmetal, Give It Up

VERSE

Walking down the street and I see you,
I try to talk but you do not hear me through,
After that I always knew.

I never wanted it to end this way,
But I just didn't want you stay,
Now I know that I will never say.

CHORUS

Give it up, give it up
I'm so tired of waiting
Give it up, give it up
We both want for the same thing

Give it up, give it up
I'm so wilted and faded
Give it up, give it up
Give it up, give it up
Give it up, give it up
