

Gunna, Flooded

Ooh Twix, stop playin'
Flooded, flooded, flooded

AP and Patek Phillipe, flooded
He got that Richard Mille, flooded
Cubans and bracelets and necklace, flooded
Stones in my teeth like they braces, flooded

Gold diamond chains, I'm the new Mr. T
All this ice on me I could go and ski
Shorty on fleek with this Patek Phillipe
Whole lot to see, clarity Vs
Cold like I pulled up at the North Pole
Money stretch all the way from North Dakota
No pretty bitches like Coca-Cola
Diamonds sit like they []
Look like a fight
Block out your sight
Whole lot of ice on
These diamonds bite, we shining bright
Look like a light show
Hell of a price, expensive nights
She got a nice throat
She got it right, I bought her ice

AP and Patek Phillipe, flooded
He got that Richard Mille, flooded
Cubans and bracelets and necklace, flooded
Stones in my teeth like they braces, flooded

I spent two-fifty on just one chain
None of this shit came from Johnny Dang
Eliantte got me going insane
Diamonds updated, they ahead of the game
I'm underrated they AP from Vegas
They hated, I waited, I knew shit would change
Pull up Mercedes when they looking crazy
They hated, I waited, I knew shit would change
My life is wavy, I'm highly sedated
They thought I was crazy I bought some more chains
Flood out the shady eyes like the []
They going crazy protecting the name
Reach for these stones and get popped in your brain
No one's smoking stronger, they ain't stoppin' the train
Today [?], I'm not rocking the plain
I don't got it on and I don't feel the same

AP and Patek Phillipe, flooded
He got that Richard Mille, flooded
Cubans and bracelets and necklace, flooded
Stones in my teeth like they braces, flooded
