

# Guns N' Roses, Chinese Democracy

It don't really matter  
You'll find out for yourself  
No it don't really matter  
You're gonna leave these thing to  
Somebody else

If they missionaries  
Real time visionaries  
Sitting in a Chinese stew  
To view my dis-infatu-ation  
I know that I'm a classic case  
Watch my disenchanting face  
Blame it on the Falun Gong\*  
They've seen the end and you can't hold on now

Cause it would take a lot more hate than you  
To stop the fascination  
Even with an iron fist  
Our baby got to rule the nation  
But all I got is precious time

It don't really matter  
You're gonna find out for yourself  
No it don't really matter  
So you can hear now from  
Somebody else

Cause it would take a lot more time than you  
I've got more masturbation  
Even with your iron fist  
Our baby got to rule the nation but all I got is  
Precious time  
Our baby got to rule the nation but all I got is  
Precious time

It don't really matter  
Gonna keep it to myself  
No it don't really matter  
So you can hear it now from  
Somebody else

You think you got it all locked up inside  
And if you beat them all up they'll die  
Then you'll walk them home for the cells  
Then now you'll dig for your road back to hell  
And with your ? makes you stop  
As if your eyes were their eyes you can tell  
In your lack of time
