

Gus Gus (GusGus), Acid Milk

Ear drum pump inside my head.
I fall down as if I'm dead.
Acid milk is on it's way.
In my stomach, through my veins.
Acid milk on every day.
Adrenalin is running dry.
I am on the milky way.
Floating into this tubulant sky.
Some space.
In my stomach, through my veins.
Acid milk is on it's way.
Ear drum pump inside my head.
I fall down as if I'm dead.
I am on the milky way.
Floating into this turbulant sky.
