

Guy Sebastian, 3 Words

If actions speak louder than words I'll be speechless
I'll show you that i can do what i can do
if i saw that id say
its the one that works
Then I'll sing it forever for you

Cos im not someone who confesses much
But make you feel what I feel
So baby hush hush

CHORUS

3 words

I will say them to you
With a touch of my hand
You will know what is true

3 words

from the depth of my kiss
from my heart to your lips
you will know you heard 3 words

and if you feel likes it really like a dream away
and it takes you away from it all
baby sleep, talk is cheap
and that aint what you need
cos there is too much of that in this world

some times you've got to show not tell
but I believe, finally
you know me too well

CHORUS

I wish I were a poet, I could
Make you world right, always have the right line
Baby blow your mind
I will make your stars shine when rain is falling down
Make some sense even when I don't have a clue
Ill tell you these

CHORUS
