

Guy Sebastian, Hidden Agenda

C'mon babe
Ooh

Now baby
He keeps on saying that he tells you you're the only one
But everybody knows he's out there having fun
Behind your back
And that's a fact

And it ain't right
'Coz he's a fly guy acting like a gentleman
But back in the day i can still remember when
He just turned around
Wouldn't look twice at you

And I'm just being straight with you
'Coz he just takes you for a fool
And you should be on your guard
So girl open up your eyes and see
With me

(What you see is what you get)
And I'm on it
(Ain't no hidden agenda)
Ain't no hidden agenda, baby
(So girlfriend when he's playing around)
You'll do well to remember

Now baby girl when he does you wrong
I'll make sure you're alright, yeah
'Coz I just wanna be your friend
And there's no reason to pretend, no
And that's the difference with me

(What you see is what you get)
And I'm on it
(Ain't no hidden agenda)
Ain't no hidden agenda, baby yeah
(So girlfriend when he's playing around)

What you see is what you get
Ain't no hidden agenda with me baby
(So girlfriend when he's playing around)
You'll do well to remember
