Guy Sebastian, So I

So many people keep questioning what's wrong with the world today
The same people that see a glass and call it half empty
Its so hard sometimes to see the truth when your standing in the dark
Always thinking with your head instead of following your heart

CHORUS
So I live each day as if it is my last
So I keep my feet on the narrow path
This life never gives you a second chance
I"m just trying to do the right thing, trying to be a better man

Ill never be perfect but I still got to try
A bird must always fall before he learns to fly
That's why I m trying to leave this place better than the day before
I wont stop, I wont quit till I reach my goal
I know if we try we could all see eye to eye
(don't know)
We could change peoples lives

REPEAT CHORUS
There"s got to be a better way
We've got to shed some love on the world today
We've got brothers killing brothers
Nobody cares about each other
So why we have got to take a stand
So be here with me So I

REPEAT CHORUS (X2)
