

# Gyroscope, A Slow Dance

just give me one dance, one dance with you, ohhhhh  
just a slow dance so im nearing you, ohhhhh  
take my hand, then let go just let go  
take my hand and lets go so lets go  
did i hear you scream through the windscreen when you dropped me off

## CHORUS

we've said it before and we'll say it again this time this time it's much different, stop fixing the score  
this time, this time, this time it's much different

from top stands i will get to you, ohhhhh  
with my guitar in hand i'll play as if i knew, ohhhhh  
i understand now let go just let go  
take my hand and lets go so lets go

did i hear you scream through the windscreen when you dropped me off  
did i steal your dream if i made a scene, would you top me off

## CHORUS

give me one dance, take my hand  
just a slow dance  
just a slow dance, take my hand  
just a slow dance

We've said it before, we wont say it again  
this time, this time it's much different  
When you cheat i can tell, when you cheat i can tell  
this time, this time, this time, next time

when you cheat i can tell, when you cheat i can tell  
oh when you cheat i can tell, when you cheat i can tell
