

# Haddaway, Catch A Fire

Me and you  
Ooh  
In the heat of the sun  
Our life has begun  
Like a flame  
Me and you  
Ooh  
All alone in the sand  
I will burn in your hand  
And my sould will arise to the sky

Catch a wind, catch a rainbow, catch a fire  
Catch a fire, catch a fire  
Catch a wind, catch a rainbow, catch a fire  
Catch a wind, catch a rainbow, catch a fire  
Catch a fire

Me and you  
Ooh  
In the night we will hide  
In the flow of the tide  
Oh the shore  
Me and you  
Ooh  
There's a message for me  
In the sound fo the sea  
I must hold you and never let go

You just gotta go  
All you need  
You can have  
All my, all my, all my love
