

# Haddaway, Rock My Heart (Album Mix)

Rock my heart...

Celebrate, celebrate vitality  
Free your mind, do just what you want to  
You and I, celebrate a special love  
That is why I wanna be with you  
Chorus:

Rock my heart  
When we come together  
We'll make it better  
Every day  
Rock my heart  
When we come together  
We'll make it better  
Every day  
Rock my heart  
Rock my heart  
Rock my heart

Celebrate, let the music fill your soul  
Take a ride, yeah, ride on the rhythm  
Celebrate, we can make the world go round  
You and I, you and I

(Repeat Chorus)

Give me all your love  
Give me all your love  
You And I  
Rock my heart  
Rock my heart

(Repeat Chorus)
