HAIM, Want You Back

Some things are long forgotten
Some things were never said
We were on the endless road
But I had a wandering heart

I said we're opposite lovers
Said it from beginning
You kept trying to prove me wrong
Said you'd always see it through
And I know that I ran you down
So you rad away with your heart

But just I know that I want you back
just I know that I want you back
just I know that I want you
I'll take that fall and the fault in us
I'll give you all the love I never gave before I left you
just I know that I want you back
just I know that I want you back
just I know that I want you
I'll take that fall and the fault in us
I'll give you all the love I never gave before I left you

I know it's hard you hear it
And It may never be enough
But don't take it out on me now
Cause I blame it all on myself

And I had a fear of forgiveness
Said it from beginning
I was too proud to say I was wrong
Said you'd always see it through
All that time is gone
No more fearing control
I'm ready for the both of us now

But just I know that I want you back
just I know that I want you back
just I know that I want you
I'll take that fall and the fault in us
I'll give you all the love I never gave before I left you
just I know that I want you back
just I know that I want you back
just I know that I want you
I'll take that fall and the fault in us
I'll give you all the love I never gave before I left you
