

# Hall Kristen, Heaven Knows

why do you call me?  
i gotta warn my heart  
i don't ever wanna hurt you  
but you always make me  
careful, careful darling  
you're gonna fall on your face  
i don't wanna be the one to save you  
it isn't my place  
but if i could i would  
if i could i'd fall in love again  
heaven knows how hard i've tried  
if i could i'd fall in love with you  
there ain't enough time in my day  
to give you what you need  
oh you want all of me baby  
but you know i can't give it away  
you must not hear yourself talking  
and all the things you say  
i gotta shake my head and wonder  
what could make you want to stay  
if i could i'd fall in love again  
heaven knows how hard i've tried  
if i could i'd fall in love with you  
baby look before you leap into the fire  
maybe you're worth a little more than just desire  
truth is all i ever wanted when i told you  
truth is all i ever wanted was to hold you  
nothing else matters  
except the way we feel  
i guess nobody ever told you  
so how will i know you hear?  
there ain't no easy way around this  
no soothing words to say  
it's gone as quickly as we found it  
might as well be on my way  
if i could i'd fall in love again  
heaven knows how hard i've tried  
if i could i'd fall in love with you
