

Hall & Oates, Can't Help Falling In Love

Wise men say only fools rush in
But I can't help falling in love with you
Shall I stay?
Would it be a sin
If I can't help falling in love with you?

Like a river flows surely to the sea
Darling so it goes
Some things are meant to be

Take my hand, take my whole life too
For I can't help falling in love with you
Like a river flows surely to the sea
Darling so it goes
Some things are meant to be

Take my hand, take my whole life too
For I can't help falling in love with you
For I can't help falling in love with you
