

# Halsey, Alanis' Interlude (with Alanis Morissette)

[Verse 1: Halsey]

A shining badge, a suit to match  
Bit my nails down so they wouldn't scratch  
But who believes with knees like these?  
I'll take two of 'em, please

[Pre-Chorus: Halsey]

With soft skin, soft eyes  
All these beautiful laughs and beautiful thighs  
They always kept me up at night  
But I can't change my appetite

[Chorus: Halsey & Alanis Morissette]

'Cause your pussy is a wonderland  
And I could be a better man  
It doesn't matter to me  
Your pussy is a wonderland  
And I could be a better man  
It doesn't matter to me

[Post-Chorus: Alanis Morissette]

'Cause he is she is her  
And her and he are love  
And I have never felt the difference  
'Cause he is she is her  
And her and he are love  
Tired of all these labels

[Verse 2: Halsey]

And my girl, she always wore a skirt in the classroom  
Eatin' my dessert in the bathroom  
Can't get caught, so we stiller than a statue  
Bad news, think I'll probably die before I have you

[Pre-Chorus: Halsey]

Soft skin, soft eyes  
All these beautiful laughs and beautiful thighs  
They always kept me up at night  
But I live for lovin' impolite

[Chorus: Halsey & Alanis Morissette]

'Cause your pussy is a wonderland  
And I could be a better man  
It doesn't matter to me  
Yeah, your pussy is a wonderland  
And I could be a better man  
It doesn't matter to me (Hey, yeah)

[Post-Chorus: Halsey & Alanis Morissette]

'Cause he is she is her  
And her and he are love  
And I have never felt the difference  
'Cause he is she is her  
And her and he are love  
Tired of all these labels

[Outro: Alanis Morissette]

'Cause he is she is her  
And her and he are love  
And I have never felt the difference  
'Cause he is she is her  
And her and he are love  
Tired of all these labels
