## Halsey, Slow (ft. Lido)

[Chorus: Jaden Smith] Why you drive so fast? Why you drive so fast? Girl, where you gotta go? Girl, where you gotta go? Baby you should try and drive slow You should try and drive slow Cause you're goin' 45 on a 15 I'm just tryna stay alive on the big screen When you comin' up the drive all the kids scream I don't know, baby girl you movin' onto better things Why you drive so?

[Verse 1: Halsey] I don't have the time I'm just tryna get mine He's at it again, he's at it again, it happened, my friend I had to pretend cause I'm only in this city for a minute And I know you've been tryin' to get in it, and I'm with it but You looking like you fell in love tonight For Pete's sake, homie, pull it together We hooked up one time it was kind of whatever... but... Would you believe me if I said I was drunk? Maybe I want you to want me but only tonight

[Chorus: Jaden Smith] Why you drive so fast? Why you drive so fast? Girl, where you gotta go? Girl, where you gotta go? Baby you should try and drive slow (Drive slow, homie) Cause you're goin' 45 on a 15 I'm just tryna stay alive on the big screen When you comin' up the drive all the kids scream I don't know, baby girl you movin' onto better things Why you drive so?

[Verse 2: Halsey] Usually you don't be used to me usin' you You saw the truth in me, this is all new to you, damn Well this is love in the fast lane New Benz, top down with the back stained I was tryna give you Js and some fast brain You were tryna give me Ks and your last name Boy I think I should leave Cause there's a flaw in the system I don't really know why but I miss him It was somethin' in his eyes when I kissed him Listen, feeling like I can't dismiss him For Pete's sake, homie pull it together Cause you've got a girl and she thinks it's forever I know she'd love you if you'd only let her Cause I'm a mistake and we both could do better

[Chorus: Jaden Smith] Why you drive so fast? Why you drive so fast? Girl, where you gotta go? Girl, where you gotta go? Baby you should try and drive slow (Drive slow) You should try and drive slow Cause you're goin' 45 on a 15 I'm just tryna stay alive on the big screen When you comin' up the drive all the kids scream I don't know, baby girl you movin' onto better things Why you drive so fast? Why you drive so fast? Girl, where you gotta go? Girl, where you gotta go? Baby you should try and drive slow...
