Hammerfall, Ex Inferis

Ex Inferis

On a dusty shelf, burried over ground In the corner of the attic Where the bats come and play

Oh, they linger on Preserved, embraced in silence A script, a tale, kept from the light of day

The fear of god A recital of a story only for the strong to find

As you kneel down, you feel the cold wind blow Kill the switch, lock all the exits The curse, the spell the words begin to glow

The sun is silent Nine circles, the passage into the abyss

Ex Inferis, remember my name Ex Inferis, demon from Hell

Abandon hope as you step inside The rebellion of angels Who reside these darkened shores

Oh, waist deep in ice Surrounded by the fire The purgatory gate, nowhere to go

This is your calling Malicious and violent, the circles of hell

Limbo, lust and gluttony Rage out of control Greed and anger, heresy The price to clense thy soul

Ex Inferis, remember my name Ex Inferis, demon from Hell Ex Inferis, remember my name Ex Inferis, demon from Hell

All for one, but none for all Enslaved, we will succumbe Violence, fraud, no Kingdome Come Reborn in treachery

Ex Inferis, remember my name Ex Inferis, demon from Hell Ex Inferis, remember my name Ex Inferis, demon from Hell
