

# Hammerfall, Wildfire

Wildfire – Wildfire – Wildfire

I am the one running out of control  
I am faster than the speed of light  
There is a darkness surrounding my life  
And it's claws gotta hold of my sight

I'm leaving the past behind, wander off into the wild  
Pin down my future at last, moving on nowhere fast

Like a Wildfire  
Wildfire – Wildfire – Wildfire

Hellbent for metal it clouded my mind  
Like a force of destruction and rage  
Possessed by possessions, it all choked me up  
I must fly bursting out of my cage

I'm free, set at liberty, no chains are pinning me down  
My scornful eye takes me places, no one dares to go

Like a wildfire  
Wildfire – Wildfire – Wildfire  
Wildfire – Wildfire – Wildfire

Bathe in the rays of the sun  
Feeding my inner flame  
Why are we waisting our time  
Watching horizons go down  
Standing there patient in one fine line

Wildfire – Wildfire – Wildfire  
Wildfire – Wildfire – Wildfire
