

# Hangnail, Double Standard

I've tried and tried to understand what  
What you've been thinking  
So where's your pride when your security is self-seeking

Misleading on  
You're an example leading kids astray  
So carry on  
Don't you count on any help from me

(Chorus)  
Can't you see that your life's breaking  
It's what you wanted, I don't think so  
Are these walls that you've been making  
What you wanted, do you even know  
(End Chorus)

When you fall down if you need me I'll be waiting  
You convict yourself maintaining your integrity

(Repeat Chorus)

(Repeat Chorus)
