## Hania Stach, The end of the road

| c belong togeth | ici ana you macri | in right willy do y | right why do you play with my heart, why do you play wit |  |  |  |
|-----------------|-------------------|---------------------|--|--|--|--|
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
|                 |                   |                     |  |  |  |  |
