

Hania Stach, Your Creation

Be Yourself!
Be Yourself!
Be Yourself!

When the sun shines
And day has just began
Suddenly I see
Something new with you

It's more that I can say
It's deep inside your heart
It makes you beautiful

Day by day

Your look is you creation
Your look will make you special
Just be yourself
Cause there's nothing you can hide in front of Be Yourself!
Be Yourself!
Be Yourself!
Sometimes it's so hard
To be happy and satisfied
When everything goes wrong

Day by day

Your look is you creation
Your look will make you special
Just be yourself

Cause there's nothing you can hide in front of
But I know that you're so strong
And you'll never give it up
Cause the love inside your heart
Is the sense of life

Your look is you creation
Your look will make you special
Just be yourself
Cause there's nothing you can hide in front of

Your look is you creation
Your look will make you special
Just be yourself
Cause there's nothing you can hide in front of
