

Hank Locklin, It Hardly Hurts Anymore

It hardly hurts anymore the heartache's almost gone away
It hardly hurts anymore except each night and every day
The day you walked out the door the pain went on and on and on
It hardly hurts anymore except each minute that you're gone
It's really not as bad as it seemed at the start
I'm glad that all I have is a broken heart
It hardly hurts anymore if you don't count these tears of mine
It hardly hurts anymore except for all the time
(It's really not as bad as it seemed at the start)
I'm glad that all I have...
It hardly hurts anymore except for all the time
