

# Hank Locklin, Second Fiddle

Seems I'm always right behind never first in line  
A winner maybe I'm not meant to be  
Number one would be just fine but I guess I'm not that kind  
Second fiddle seems to be the role for me  
Second fiddle never has the spotlight second fiddle never makes the news  
Second fiddle never plays a love song second fiddle only plays the blues  
( guitar )  
Though I'm in love with you another loves you too  
And in my heart I know how it will be  
He'll wind up with you I'll be number two  
Second fiddle seems to be the role for me  
Second fiddle never has...
