

Hank Thompson, Don't Look Now (But Your Broken Heart Is Showing)

He left you flat and crying too the way that you left me
Just when you thought that you had things your way
But now I guess you know my dear what it means to be blue
For consolation here's all I can say

Don't look now but your broken heart is showing
That smile upon your face cannot fool me
You're to blame and if I have a way of knowing
That within your heart is only misery

Cause you're the one that left me deep in sorrow
Without a soul to tell my troubles to
So don't look now but your broken heart is showing
And to me it sure looks good on you
[steel - guitar]
Cause you're the one...
