Hank Williams III, Thunderstorms and Neon Signs

Well there's some big black clouds that's a blowin in from the west I've been drivin all day Lord, I sure could use some rest And there's a motel up ahead where I can unwind Cause I sure love thunderstorms and neon signs I grew up on the road from town to town My daddy's line of work kept us movin around I got fond memories of the way things were back then The warmth of a neon when a cold storm is movin in Listen to the opry in a small cafe When we stop to get a bite along the way Whenever I hear the wheels begin to whine It takes me back to another time I got a real nice room with a radio and TV This here motel livin is the only life for me And it looks like it'll be rainin for quite some time Mixed with the lightning is the glow from a neon sign Listen to the opry in a small cafe When we stop to get a bite along the way Whenever I hear the wheels begin to whine It takes me back to another time
