Hanson, Get Up And Go

She plays guitar with her fingertips
She'll play your heart with her tender lips
She'll work it out until she makes the tips
And it's alright, yeah it's alright
Holding her tight in late December
I look in the stars and I remember
She doesn't mind when you offend her
And it's alright, yeah it's alright

Just a girl like you, and maybe just a Just a guy like me, maybe we Could take a walk on the wild side Take a look and see Get up and go Just a girl like you, and maybe just a Just a guy like me, maybe we Could take a walk on the wild side Take a look and take a look and go Get up and go So won't you go

What could I give when you've got all you need And she looks at me like all I want's a little free Every time I'm here with you it makes me see That it's alright, yeah it's alright We'll get away be in love we can make it better All I need's a little time for us to get together Happiness is just a step away When it's alright, yeah it's alright

Just a girl like you, and maybe just a Just a guy like me, maybe we Could take a walk on the wild side Take a look and see Get up and go Just a girl like you, and maybe just a Just a guy like me, maybe we Could take a walk on the wild side Take a look and go

Ooh oh, ooh oh, won't you go Ooh oh, ooh oh, won't you go Ooh oh, ooh oh, won't you go Take a look and, take a look and go

Seems like love has always found a way But there's only so many hours in the day All that I know is that you're here with me And it's alright, yeah it's alright Won't you tell me that you need me so bad 'Cause you are everything I've never had Every time I look at you it hurts so bad And it's alright, yeah it's alright

Just a girl like you, and maybe just a Just a guy like me, maybe we Could take a walk on the wild side Take a look and see Get up and go Just a girl like you, and maybe just a Just a guy like me, maybe we Could take a walk on the wild side Take a look and go Get up and go

Get up and go So won't you go (2x)

Take a look and take a look and go
