

# Hanza, (You Shot the) Girl!

You shot the Girl!  
You shot the Girl!

Doesn't matter how she tried  
Doesn't count if you confine  
No one cares when or why  
But what matters is:  
/2x

Shot the girl  
And now she's dead  
And now you wish  
You wouldn't let her die  
/2x

Doesn't matter how she tried  
Doesn't count if you confine  
No one cares when or why  
But what matters is yeah  
/2x

You shot the girl  
And now she's dead  
And now you wish  
You wouldn't let her die

Shot the girl just to justify  
Things she did when she felt so high  
You don't remember the reason for  
Putting her to sit the floor  
/2x

Shot the girl  
And now she's dead  
And now you wish  
You wouldn't let her die
