

Hard Rain, Eat It Up

Well, you walked me out in the pouring rain
I want to tell you when you're wet like that I'm going to go insane
Don't want to make a fuss, I'm going to testify
I've got to get a little love, get a little love, ain't no lie

When you fired me up, I never will forget
Come on and take me to your room, you know I'm going to try and make you sweat
So keep the lights turned up, don't want to run and hide
You know I never want to stop, going to take you to the other side

Every night, I'm going to think about you
Every night

Eat it up - I want to slip inside
Eat it up - I want to take a ride
Now you're coming like a midnight flyer
Shaking like a desperate liar - eat it up

You got a dirty mind, don't have to justify
You needn't tell me your past and I don't even want the reason why
Well, you can make it up, don't have to pacify
You got to give me all you got, give me all you got, I'm on fire

Every night, I'm going to think about you
Every night

Eat it up - I want to slip inside
Eat it up - I want to take a ride
Now you're coming like a midnight flyer
Shaking like a desperate liar - eat it up
