

# Harem Scarem, Karma Cleansing

Come and be true  
And purify all that is you  
The soul can re-group  
Ascending to higher love

Hailed by God  
Failed by you  
Nailed by everything you do  
Saved by God  
Failed by you  
De-railed by catatonic blinded youth

All that we do  
Is repeat like some prophetic fool  
And walk in lead shoes  
Complacent and morally screwed

We want change  
And feel the karma cleansing  
Feel so sane in the throes of madness
