

# Harmony, Anything To Get To You

As I lay on my bed tonight  
Thinking of you  
Will get me through the night  
Thinking of ways  
How I can get closer to you  
Go down to hell below  
Fly up to heaven above  
Anything to get to you  
I'd take all the risks that I had to  
Anything to get to you  
Go down a well of spikes  
Jump off of all heights  
I'd eat through shit if I have to  
Anything to get to you  
Swim through a sea of sharks  
Wade through a fire of hot sparks  
I'd do all it takes to be near you  
Anything to get to you  
Sleep in a cave full of lions  
Pay a fortune of fines  
I'd give up my life just to see you  
Anything to get to you  
I'd do all the feats that seem scary  
Deny myself of all luxury  
As I lay on my bed tonight  
Thinking of you  
Will get me through the night  
Thinking of ways  
How I can get closer to you  
Anything to get to you
