

# Harry Nilsson, Alimony

In the wintertime keep your feet warm  
But keep your clothes on and dont forget me  
Keep the memories  
But keep your powder dry too  
In the summer by the poolside  
While the fireflies are all around you  
All miss you when Im lonely  
Ill miss the alimony too  
Dont forget me - dont forget me  
Take it easy if only for a little while  
You know I think about you  
Let me know you think about me too  
And when were older and full of cancer  
It doesnt matter, come on get happy  
Cause nothing lasts forever  
But I will always love you  
Dont forget me, please dont forget me  
Make it easy if just for a little while  
You know I think about you  
Let me know you think about me too
